\* Available at a slight price premium.

\* Also available in Robust.

Colors shown are matched as accurately as possible, but may vary slightly from finished product. These rich and vibrant colors are produced with either Kynar 500® or Hylar 5000® resins, which provide superior color retention and allow Sheffield Metals to offer non-prorated coating warranties for most applications. Coating warranty varies for Regal Red, Matte Black, Copper, Champagne and Pre-Weathered Galvalume. Metallics are warranted for chip, crack and peel only. Please contact your representative for more information.
